Waterhog Boot Tray Mats

Waterhog Boot Trays are the most functional carpeted-surface boot tray mats available today. Thanks to the boot mat's high-low surface design, these trays not only scrape shoes clean, removing dirt, salts, sand and debris but also absorb rain water and snow that would otherwise drip on the floor.

- All Waterhog boot tray mats come with a rubber water dam border around the outside of the mat that prevents dirt and moisture from flowing off of the mat and onto the surrounding floor.
- Additionally, the boot mat's polypropylene surface can hold up to 1.5 gallons/SY of moisture, ensuring that it won't overflow and leak onto the floor.
- The surface of each Waterhog Boot Tray Mat is made with an anti-static polypropylene fabric which quickly dries out and will neither fade nor rot, thus making these Waterhog boot trays ideal for both cleaning and drying shoes indoor and out.
- To clean the Waterhog mat boot trays simply shake them out, use a vacuum for a deeper cleaning and, if needed, hose them off and air dry.
- Every Waterhog boot mat has 20% recycled content.

Item No: EWHBTM

Standard Sizes (Approximate)

Size	Qty. 1	Qty. 2-10	Qty. 11-25	Qty. 26+
15" x 36"	\$24.95	\$22.58	\$20.32	\$19.52
15" x 48"	\$29.20	\$28.03	\$26.28	\$24.82
